EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE OF SCIENCE AND TECHNOLOGY POLICY

WASHINGTON, D.C. 20500

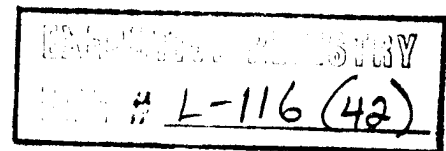

February 5, 1979

MEMORANDUM FOR: Stansfield Turner  
FROM: Frank Press *FP*  
SUBJECT: PRM-42 Declassification Study

This is to follow up on your request that the Policy Review Committee (Intelligence) and the Policy Review Committee (Space) jointly examine the task force study on declassification of imagery. As you know, some participants are members of both Committees, and such there will in fact be this overlapping review that you desire. The Policy Review Committee (Space), however, has additional representation from non-national security agencies. (S)

To guarantee that the intelligence perspective is not lost, both Dr. Brzezinski and I agree that it would not be inappropriate that the Policy Review Committee (Intelligence) review the declassification of imagery report. The President directed that the Policy Review Committee (Space) make recommendations to him on declassification. Moreover, after the Policy Review Committee (Intelligence) completes its review, I would incorporate any recommendations in my memorandum to the President. (S)
